

SALES PAVILION MUST BE STOPPED SAY AUTHORITIES

City Dads Serve Notice on Sales Company Officials.

Acting on a large number of complaints from citizens in the vicinity of the Rock River Valley Sales Company's pavilion in Dementown to the effect that the sales barn was a public nuisance, the city officials have notified the officers of the company that further sales must not be held there and that contemplated additions or improvements must be discontinued.

The written notice which has been served on the sales company calls attention to the provisions of the ordinance prohibiting livery barns, junk yards, etc., within the limits of the city without written permission having been obtained from a majority of the property owners within 200 feet of such institutions. The notice further outlines the number of complaints which have been received concerning the company's barn and stables on Depot avenue between Sixth and Seventh streets, and closes with the admonition that if the matter cannot be amicably settled the city will take such steps as are necessary to secure compliance with the city ordinances.

It is reported that the officers of the sales company, with a considerable investment already tied up in the property, are contemplating a fight against the city order, and the question may eventually be taken to the courts for settlement.

Council Held Meeting.

The city council held a short session last evening, but with the city's mandamus proceedings against the Lee County Board of Supervisors to prompt action on the bridge repairs already started, and with the notice on the Rock River Valley Sales Company to discontinue their barns in Dementown served, the city fathers had little of unusual interest to occupy their attention.

Bills to the amount of \$887.33 were allowed and ordered paid, and the contingent fund was reimbursed from the street oiling fund to the amount of \$800—that being the sum advanced from the former fund to provide for street oiling during the past summer. Since that time the property owners on the improved streets have paid their shares of the cost, allowing the return of the money borrowed from the city's "handy" fund.

In session as the Board of Local Improvements the council passed ordinances providing for supplemental assessments of \$1,257.72 and \$4,465.36 to meet the deficits on the Everett street and East End concrete paving contracts, respectively.

NEW PASTOR IS VERY ACTIVE IN RED CROSS WORK

That Dixon has gained a man of unusual ability and personality in Rev. H. G. Waggoner, the new pastor of the Christian church, is indicated in the following letter from B. F. McLean, vice president of the Union National Bank of Macomb and chairman of the Macomb Chapter, American Red Cross, written to W. B. Brinton, chairman of the Lee County Chapter:

Macomb is about to lose one of its best members of the American Red Cross Chapter.

Rev. H. G. Waggoner has accepted a call to the Christian church of Dixon.

Ever since the organization of Macomb Chapter, Rev. Waggoner has been the active head of our Home Service Department, conducting it in a high measure of excellence and efficiency. We regret he is called elsewhere. We do not know how we will fill his place.

He does not know I am writing to you. Nor am I writing for you to at once enlist his services in similar work.

I am simply writing this as a personal desire to let the people of Dixon know he is a man of high personal abilities and personality. I do not belong to his congregation. But I feel he is entitled to a great measure of appreciation and good will, and I wish to pave the way for him as far as I am able.

IRISH PRESIDENT IN BLOOMINGTON

By Associated Press Leased Wire
Bloomington, Ill., Oct. 22.—Eamon DeValera, president of the new Republic of Ireland, is due to arrive here tonight at 8:30 and will address a meeting arranged by friends of Freedom at the Chatterbox Theatre. Preceding his address Patrick H. O'Donnell, of Chicago, will make a speech. A party of Bloomington persons including prominent protestants and catholics will go in a special car to Peoria to meet Mr. DeValera who arrives there from Omaha, Neb., at 7 o'clock this evening.

GERMAN OPERA SAFE FOR A DAY.

By Associated Press Leased Wire
New York, Oct. 22.—Supreme Court Justice Nathan Bijur today granted a temporary injunction restraining the police and city authorities from interfering with the production of German opera in the Lexington Theatre. A hearing on the granting of a permanent injunction will be given tomorrow.

Bet there Are Some Dixonites Who Would Like to Become Fish

The fish in Rock river are on a terrible "soup" this week, following the "pollution" of the waters of the stream with 844 pints of real whiskey this week. The liquor was that confiscated in the raid of the Haller drug store at Forreston by Ogle county and federal authorities in August, and it was poured into the river at Oregon yesterday by Sheriff Banning, following orders from the county court. The bottles were broken on the rail of the Oregon wagon bridge and the contents allowed to swell the stream. But it's a safe bet there are a lot of people along the river who wouldn't mind being fishes for a day or two.

11 MINUTES IN JAIL SENTENCE OF SAM STARKS

Judge Landis is Lenient with Bootlegger from This City.

The jail life of Sam Starks, notorious negro whose bootlegging activities gave local authorities much trouble for several months, came to an end at Freeport yesterday with the expiration of an eleven-minute sentence, imposed by Federal Judge K. M. Landis in a hurry-up session of his court at Rockford yesterday, in which he disposed of cases at the rate of two a minute.

Starks, it will be remembered, was first arrested here in June, 1918, when he was convicted of bootlegging, and he served time in the county jail until September of that year. A few weeks after he was given his freedom he was again found guilty of illegal sale of liquor and again sentenced to the county jail, his sentence keeping him there from Thanksgiving time until May of this year. On the day his sentence expired he was met at the county jail cell door by a marshal from the U. S. District Attorney's office and taken to Freeport, where he was held by a federal grand jury. He has been in the Stephenson county jail since that time.

Recently he went to the aid of the sheriff of Stephenson county when the official was murderously attacked by two other prisoners, and doubtless that reacted in his favor when Judge Landis took up the case yesterday. Starks was not present in court, but his case was disposed of notwithstanding.

"I will sentence him to eleven minutes, no to seven, no nine, no to eleven minutes. I am not going to cheat the government, in the sheriff's office," said Judge Landis adding that Starks "should not have been kept in jail as long as he has."

"Tiger's" Attitude Toward Church Has Undergone a Change

By Associated Press Leased Wire
Paris, Oct. 11.—(Delayed.)—Premier Clemenceau's former hostility to priests and anything religious is well known, but the old "Tiger" has undergone an evolution in his ideas concerning the clergy.

M. Clemenceau's home in Rue Franklin is immediately adjacent to the building occupied by a religious community. The fathers of St. Louis, who boasted a wonderful garden with a majestic plane tree, the huge leaves of which completely darkened the window of the Premier's private office.

Clemenceau sent a note to Father Tregard, intimating that the removal of this tree would be greatly appreciated. The priest did not reply; the plane tree still remained, and Clemenceau renewed his request. Finally the priest called upon the Premier.

"Please do me the favor of having this tree removed," pleaded Clemenceau; "it obstructs my vision of heaven."

So pious a wish could not remain unanswered and the tree came down.

Another Baby Poisoned Like Luikart Children

By Associated Press Leased Wire
Chicago, Oct. 22.—Little Shirley and Edna Luikart, recovering at a hospital here from a slowly acting poison administered by their demented mother, today had as a fellow patient two-year-old Teddy Harrington, whose case paralleled theirs in many features. Six days ago the baby, suffering from the same poison that threatened the little girls' lives, was sent to the Detroit Hospital to which they were taken from Royal Oak, Mich. His life despaired of, as was theirs, it was decided to bring the little fellow to the specialist whose treatment is restoring the health of the Luikart children.

How the Harrington baby obtained the poison is unexplained. One theory is that he picked it up from a window sill where some member of the family had laid it.

SOVIET FORCES KEEP YUDENITCH FROM PETROGRAD

Anti-Bolshevik Troops Seem Halted By Desperate Defense.

By Associated Press Leased Wire
London, Oct. 22.—Gen. Yudenitch, commander of the northwestern Russian army, seems to have been brought to a virtual standstill by the stubborn defense of Petrograd, which is almost within sight of his men. Soviet forces are even reported to have taken the offensive north of Krasnoe Selo, but details of the fighting have not been as yet fully reported. East of Pulkovo the Yudenitch army appears to have encountered strong bolshevik columns. Pulkovo is about three miles from the only remaining railway line running south from Petrograd and the importance of retaining control of this road may explain the savage fighting in that sector. Late reports state that heavier artillery is being brought by Gen. Yudenitch.

Soviet troops reported to have been concentrated near Gdov, near Lake Peipus are said to have been scattered by the anti-bolsheviks. The presence of this force on the left flank of the Yudenitch army constituted a seeming menace to the whole movement against Petrograd and also appeared to indicate that the bolsheviks are still quite strong on the coast west of Petrograd.

Kronstadt Still Inact

Kronstadt has not surrendered to the anti-bolsheviks, and has not been attacked, according to the British admiralty statement. It is held that the fortress will fall immediately upon the capture of Petrograd by Gen. Yudenitch. That this event is still expected is evidenced by the readiness of the northwestern Russian government to move into the city and take control of the situation.

Official reports issued from soviet headquarters at Moscow admit the loss of Kiev but make no further mention of the claim that Orel, 120 miles south of Moscow, has been recaptured from Gen. Denikin's cossacks.

GERMANS SHELL BRITISH

Copenhagen, Oct. 22.—German artillery at Riga fired on British warships at the mouth of the harbor on Sunday, according to a report of the Lettish general staff and on Monday the British ships returned the fire, shelling German positions, near the city. Riga is being bombarded by heavy German artillery which is using gas shells. Great damage has been done in the city and many civilians have been killed or wounded.

GULF TOWN CAPTURED

By Associated Press Leased Wire
Helsingfors, Oct. 22.—The capture of Krasnaya Gorka, on the Gulf of Finland, nearly opposite Kronstadt by the northwestern Russian army, is announced from that army's headquarters today. The capture was effected on Monday after severe fighting. The battle for Petrograd is still continuing, with a heavy engagement 6 1/2 miles south of the city.

Bolshevik regiments from Moscow are taking part in the defense of Petrograd, the headquarters report adds.

RED DESTROYERS SUNK

By Associated Press Leased Wire
London, Oct. 22.—Two bolshevik torpedo boat destroyers were sunk in Kopen, Bay, Gulf of Finland, when they attempted to attack Estonian vessels and British destroyers on Tuesday, the admiralty announced today.

Six survivors from the bolshevik vessels were picked up. The British and Estonians sustained no casualties.

AMERICAN STATION DESTROYED

By Associated Press Leased Wire
London, Oct. 22.—The offices at Riga of the American Relief Administration European Children's Fund, were destroyed by a high explosive shell Monday, according to a dispatch to the headquarters of the organization here. None of the three officers engaged in the relief work was hurt and the feeding of the children is to proceed as before.

TEST FOR CENSUS TAKERS ON OCT. 31

A test for the people of this vicinity who may wish to become Census Enumerators for the Fifth Illinois District in the coming Fourteenth Census of the United States will be held at the court house in Dixon at 9 a. m. and 1 p. m. Friday, October 31. Similar tests will be held at the city hall in Sterling at 9 a. m. and 1 p. m. on Thursday, October 30, and at the same hour on Wednesday, October 29 at the court house in Oregon.

BRAKEMAN WAS HURT.

E. J. McAllister, of Sterling, brakeman on the North-Western's Peoria passenger, slipped and fell while switching the engine in the Dixon yards Tuesday morning and so badly wrenched his leg that he was unable to continue with the train. He was taken to his home in Sterling on a later train.

MANDAMUS CASE TAKEN UP TODAY BY JUDGE HEARD

Hearing of the petition of the City of Dixon for a mandamus to compel Lee county to at once advertise for bids for the repair of the Galena avenue bridge, was taken up before Judge Heard in the circuit court this morning, but it is not probable that an order in the matter can be entered until tomorrow. This morning's session of the court was taken up in the examination of the plans and specifications for the work as prepared by Engineer Gooke, engaged specially by the city for this work.

His plans and specifications, which have been approved by County Superintendent of Highways L. B. Neighbour and the state Department of Buildings and Bridges, are held by the Road and Bridge committee of the Board of Supervisors to be incomplete since the estimates of cost do not include figures for steel approaches to the bridge, which are provided for in the plans and specifications, and it was because of this detail that the supervisors' committee refused to carry out its part of the work.

The city's attorneys will argue that the omission of that detail from the estimates in no way invalidates the proceedings; while State's Attorney Edwards, the county's counsel, will fight against including the item at this time.

GROCER-PACKER LEGAL BATTLE TO BE BIG ONE

Wholesale Grocers Say Railroads Grant Privileges to Packers.

By Associated Press Leased Wire
Chicago, Oct. 22.—A hard legal battle was expected to follow opening here today before Clyde B. Aitchison, chairman of the interstate commerce commission of a hearing involving charges by the National Wholesale Grocers' Association of the United States against the railroads, alleging discrimination in extraordinary shipping facilities afforded the meat packers.

The defendants were 317 of the leading railroads. The packers, including Swift & Co., Armour & Co., Wilson & Co., Morris & Co., and Cudahy Packing Co., have filed intervening petitions in the railroads' behalf, while the state of Michigan and the Iowa-Nebraska-Oklahoma, Missouri, Texas and Kansas Wholesale Grocers' Association have aligned themselves with the National Grocers association.

It was the first time the question of the packers' right to especially expedited service on non-perishable groceries had come before a tribunal with power to render an absolute decision.

The wholesale grocers' complaint is based on the allegation that the packers have entered extensively into the wholesale business and are permitted to ship staple and non-perishable grocery products in their refrigerator and podder cars with fresh meat. The interstate commerce commission is asked by the grocers to cause the railroads to remove from their tariffs that privilege.

Such cars are so expedited, the grocers charge, that discrimination is worked against them, they not having that privilege. The packers some times are given service virtually on a passenger schedule, the grocers say.

With these alleged special privileges the packers rapidly are obtaining domination of the grocery business of the United States, according to Clifford Thorne, counsel for the grocers. The wholesale grocers, he added, ultimately will be forced out of business unless the interstate commerce commission gives relief.

Bill Hohenzollern Feels He's Insulted

By Associated Press Leased Wire
Berlin, Tuesday, Oct. 21.—Former Emperor William has commissioned Herr Siebert, an attorney of Berlin, to institute a suit against the actor, Ferdinand Bonn, who prepared what are known as the "Kaiser Films" which were barred in Berlin, but were permitted to be exhibited elsewhere. The ex-emperor charges insult and the misuse of his portrait and asks for the suppression of the films.

The Bonn films referred to in the foregoing were to have been produced in Berlin Oct. 10, but were suppressed by government order on that day. The title of the picture was announced as "Wilhelm's Good Fortune and Bad Finish." The government announcement said the suppression grew out of a desire to prevent the films being made a cause for political combats at a time when party feeling already was at a high pitch.

Will Ratify Treaty About October 30th

By Associated Press Leased Wire
Paris, Oct. 22.—Formal ratification of the German peace treaty probably will be accomplished October 29 and a call will be issued that day for the first meeting of the council of the league of nations, to take place within ten days. The French foreign office explains that the delay was due to the great amount of preliminary work before the convention could be put into effect.

RESERVATIONS TO PEACE TREATY TO CARRY IN SENATE

Johnson's Equal Vote Amendment Will Be Defeated, Belief.

BULLETIN.
By Associated Press Leased Wire
Washington, Oct. 22.—Four revised reservations to the peace treaty were adopted today by the senate foreign relations committee with the administration leaders voting solidly against them.

By Associated Press Leased Wire
Washington, Oct. 22.—The complexities of the senate situation regarding ratification of the peace treaty seemed about to merge today into a clear cut issue over a reservation program which its sponsors claimed would have the determined support of all of the forty-nine republicans and at least six democrats.

Unable to decide at an all day conference yesterday whether to accept this program or hold out against it, the democratic leaders were confronted today with the prospect of being asked to put themselves definitely on record at a meeting of the foreign relations committee. It was the purpose of Chairman Lodge and his republican colleagues to put the plan before the committee for action, though it was thought likely that a vote on it might be delayed for a day or two.

Amendment Plan Loses.

The sudden crystallization of the situation with regard to reservations completely overshadowed in the interest of senators the proceedings in the senate chamber, where the losing fight to adopt amendments to the treaty was approaching its final stage. During the day the subject for debate was the amendment of Senator Johnson, republican of California, to equalize voting strength in the league of nations, but few senators had expressed any intention of speaking. The leaders thought a roll call on the amendment might be reached late in the day, the general prediction being that it would be defeated.

Reservation Program.

Although it had not been made public, the reservation program prepared for submission to the committee by the republican leaders was understood to embrace nine qualifications to senate acceptance of the treaty, covering withdrawal from the league, domestic questions, the Monroe Doctrine, article 10, Shantung, voting equality in the league assembly, congressional choice of delegates, limitation of their power and certain portions of the labor section.

Hogs Hit New Low Price on Markets

By Associated Press Leased Wire
Chicago, Oct. 22.—Shrinkage in the value of hogs went to an extreme degree today at the stock yards here. Notwithstanding that prices had declined in some cases yesterday as much as \$1 a hundredweight, the market this morning ruled in general 75c to \$1 still lower.

For the first time in a long while, sales were made below \$12.00 a hundred weight, and numerous animals changed ownership down as far as \$11.50.

Unusually heavy marketing of hogs recently to avoid high cost of feed is the chief reason assigned for the demoralization of values. One of the immediate effects of this demoralization was pronounced weakness today in the prices of grain and provisions.

The tendency of the provision market to swing lower today was especially evident. "Provisions" in this connection meant pork, lard and ribs (bacon) in large lots for future delivery on the Board of Trade. Lard and ribs fell respectively 45 cents and 27 1/2 cents per hundred pounds, and pork 55 cents a barrel.

Urge General Strike to Aid Steel Workers

By Associated Press Leased Wire
Peoria, Ill., Oct. 22.—A general strike of all labor to help the steel strikers was advocated by speakers before the convention of the Illinois Federation of Labor here this morning.

"The representatives of the public have sided with the representatives of capital in the Washington conference to give labor a 'good trimming,'" James B. Conner, of Chicago, federation of labor executive committee man, said in addressing the convention. "All workers ought to be on strike to prevent the loss of this battle, which will set labor back fifty years."

"The loss of the steel strike will have a blighting effect on the entire labor movement for years to come," John Walker, former state federation president, said in his address. "The fight means as much to the coal miner as to the steel worker. It is the fight of every organization."

Edward Neckels, secretary of the Chicago Federation of Labor, urged the combination of the railroad workers, miners, steel workers and packing house employees to "take the offensive to curb the power of the gigantic illegal combinations."

It is announced by the Roosevelt Fund committee of Palmyra that any one wishing to donate to the fund in honor of the memory of the Great American may send their money to the school teacher in their district.

This Thing of Giving.

(By G. F. Burbala.)

I do not understand it, any more than you do, but there is something about this thing of giving that blesses us.

No man has ever impoverished himself by giving. It cannot be done. Those who give most, have most left. No man has ever died poor because of that which he gave away. No one has ever gone hungry after giving away his bread; some way, somewhere, bread has been provided for him.

Misery is upon the war-torn world as it never was before. Want is almost universal in the countries that have been ravished. They call to us from every quarter of the earth for help. They cry aloud, or moan in tones subdued. The gaunt and famished, the lean and weary, the sick and wounded—they hold their outstretched, empty hands toward us, and beg for help. And we, of all the people in the world are in a position to relieve them.

I believe that every one who gives a penny will get it back a hundredfold. I believe that every one who dries a tear with his assistance will be spared the shedding of a thousand tears. I believe that every sacrifice we make will so enrich us in the future that our regret will be we did not sacrifice the more. This thing of giving! A glorious privilege it is! How meaningless now is money that is hoarded. How hateful to himself and to his fellows is he who does not answer to the call for aid. Give—and in the giving live the life a human being is entitled to enjoy. Give—and let no thought of sorrow abide with you because you did not give. Give—and somewhere, from out the clouds, or from the sacred depths of human hearts, a melody divine will reach your ears, and gladden all your days upon the earth.

PHONE GIRL IS HEROINE; FOILS WYANET ROBBERY

By Associated Press Leased Wire
Peoria, Ill., Oct. 22.—Quick action by Miss Beattie Hartman, telephone operator at Wyanet, Ill., near here, early this morning, prevented the robbery of the First National bank of that village. When the force of an explosion shook the telephone building shortly after 1 o'clock Miss Hartman suspected an attempt was being made to rob the bank. Quickly she called every family in the village having a telephone and soon nearly a hundred men were rushing toward the bank.

Yeggmen who had blown the outside door off the safe, made a dash for their automobile when villagers began appearing and escaped.

Cal Carter, village night watchman, was overpowered by three robbers, bound and gagged and beaten into insensibility, before the attempt to blow the bank safe was made. Carter was found in a lot by searchers after the bandits had escaped. His injuries are not considered serious.

DIXON WOMAN TAKEN BY HEALTH OFFICERS

Miss Jessie Williams, who has claimed Dixon as her home for a number of years, but who, according to the authorities, has spent considerable time lately touring the state "vamping" who and when she could, was arrested in a dance hall at Mendota last night, on complaint of Officer McClure of the State Department of Health, and she is now being held in the Lee county jail where she will be kept until the return of the health officer from Chicago, when he will determine on proceedings against her.

The health officer came to Dixon last evening to get the woman, whose arrest was sought following a number of complaints from communities she had visited, but when he arrived here and enlisted the aid of Sheriff Schoenholz it was learned she had gone to Mendota on the evening train. Accordingly the police of that city were asked to arrest her and hold her until the Lee county sheriff and the state official arrived for her. They went to the LaSalle county city in the sheriff's car late last evening and returned during the night with their prisoner.

WILSON LETTER IS LAST APPEAL TO CONFERENCE

Lane Reads President's Appeal in Last Effort in Conference.

By Associated Press Leased Wire
Washington, Oct. 22.—Organized labor's representatives in the national industrial conference today forced the reading of the letter to the conference which President Wilson yesterday dictated from his sick bed and in which he declared the public expected the conference to stay together until every possible means had been exhausted to establish a "surer and heartier co-operation" between all the elements engaged in industry.

Immediately after the letter was read the conference recessed and the labor group went into private session to determine its future course. The members plainly were impatient and some of the public and capital delegates seemed doubtful whether the labor representatives would continue in the conference.

The President's Message.

The President's message follows: To the ladies and gentlemen of the industrial conference:

I am advised by your chairman that you have come to a situation which appears to threaten the life of your conference, and because of that I am presuming to address a word of very solemn appeal to you as Americans. It is not for me to assess the blame for the present condition. I do not speak in a spirit of criticism of any individual or of any group. But having called this conference I feel that my temporary indisposition should not bar the way to a frank expression of the seriousness of the position in which this country will be placed should you adjourn without having convinced the American people that you had exhausted your resourcefulness and your patience in an effort to come to some common agreement.

Must Industry War?

At a time when the nations of the world are endeavoring to find a way of avoiding international war, are we to confess that there is no method to be found for carrying on industry except in the spirit and with the very method of war? Must suspicion and hatred and force rule us in civil life? Are our industrial leaders and our industrial workers to live together without faith in each other, constantly struggling for advantage over each other, doing naught but what is compelled?

My friends, this would be an intolerable outlook, a prospect unworthy of the large things done by this people in the mastering of this continent—in deed, would be an invitation to national disaster. From such a possibility my mind turns away, for my confidence is abiding that in this land we have learned how to accept the general judgment upon matters that affect the public wealth. And this is the very heart and soul of democracy.

Spills On One Point.

It is my understanding that you have divided upon one portion only of a possible large program which has not fully been developed. Before a severance is effected based upon present differences, I believe you should stand together for the development of that full program touching the many questions within the broad scope of your investigation. It was in my mind when this conference was called that you would concern yourselves with the discovery of those methods by which a measurable co-operation within industry may have been secured and if new machinery needs to be designed by which a minimum of conflict between employers and employees may reasonably be hoped for, that we should make an effort to secure its adoption. It cannot be expected that at every step all parties will agree upon each proposition or method suggested. It is to be expected, however, that as a whole, a plan or program can be agreed upon which will advance further the productive capacity of America through the establishment of a surer and heartier co-operation between all the elements engaged in industry. The public expects not less than that you shall have until the end in view and stay together until the way is found leading to that end or until it is revealed that the men who

Say We're Charges Inspired By Packers

By Associated Press Leased Wire
Washington, Oct. 22.—The Federal Trade Commission, in a formal statement today, asserted that the charges made against the commission by Senator Watson, republican, of Indiana, and Senator Sherman, republican, of Illinois, were "part and parcel of the warfare of the Chicago meat packers against the Department of Justice and the Federal Trade Commission with the purpose of subverting justice."

The commission said the good faith of Senator Watson's charges was open to question when it was remembered that the senator was a "lobbyist" in 1919, and it charged that the senator's "relations with the Chicago packers" were shown by certain correspondence which the commission had taken from the files of Wilson & Co.

Declaring that the commission and its employees had long been subject to an attack "that the public has never known about," the commission's statement said that while it was investigating the meat packers the government's representatives were trailed by detectives and that the commission's offices were entered surreptitiously.

CURE FOR HIGH COST OF LIVING MAY PROVE FATAL, SAYS SENATOR

Clapper of Kansas Presents Farmers' Side of Situation.

By Associated Press Leased Wire.
Washington, Oct. 22.—The farmer's side of the high cost of living question was presented to the senate today by Senator Capper, republican, of Kansas, who declared that, while farmers are selling their products at a loss in declining markets, the consumers are paying rising prices.

Faulty distribution was blamed largely for this "remarkable spectacle" and the senator urged a number of remedies to increase production. He deplored the numerous industrial strikes and the small representation given agriculture in the industrial conference.

"In our efforts to get rid of the high cost of living disease," said Mr. Capper, "I fear we are in great danger of dying of the remedy. As a result of Washington's effort to reduce high prices by breaking down entirely the cost of food, we have the remarkable spectacle of a rise of one per cent in the cost of living, coincident with market drops that are putting livestock raisers out of business and causing serious losses to other producers."

Illustrating the anomalous situation of farmers and consumers Senator Capper said, farmers are selling their wheat at a loss, adding:

"It takes four and a half bushels of wheat to make a barrel of flour. The wheat raiser gets about \$3.27 for the wheat, the miller, \$12.70, the baker \$53.70 and the hotel keeper in Washington, as it is doled out in thin slices, \$58.7."

At Expense of Farmers.
The government, through the Grain corporation, Senator Capper said, profited \$23,000,000 at the expense of farmers last year, the farmers selling from 50 to 70 cents less than the guaranteed price."

"The situation of the livestock farmer is even more deplorable," he said. "Farmers are selling their grain-fed hogs for less than it cost to produce them, but the consumer finds little or no change in the price of meat."

"While everything a farmer must buy demands the high dollar, the price of his commodities, the cheapest in the market, are held down by a foreign embargo and a government guarantee."

"Without visibly helping the consumer we have brought about a crisis in our most fundamental and vital industry by forcing the producer to accept prices at which he cannot continue to produce, while he and the consumer are compelled to pay prices at which they are forced to curtail the home demand."

Driven Off the Farms.
Farmers are being driven out of business and drifting to the cities because of conditions in the agricultural industry, Senator Capper declared. Citing losses sustained by agricultural producers Senator Capper said the recent decline in livestock prices had cost producers \$50,000,000. Livestock growers, he said, do not control the markets and,

like other agricultural producers, must accept prices fixed by others.

Farm wages have doubled, land values have risen enormously, and everything the farmer buys, he said, has risen from 50 to 300 per cent.

Among the remedies suggested by Senator Capper were cessation of "federal government propaganda which tends to bear down the prices of farm products."

Should Extend Markets.
"Executive departments," he said, "should seek by every means at their command to open wider markets to the farmer by lifting the embargo on wheat and wheat flour to Europe, by extending credits to European governments and by lowering over freight rates."

Legislation to free the livestock producer of alleged control of the markets by the packers also was urged by Senator Capper who suggested establishment of co-operative farm selling agencies.

"Price making in necessities of life," he said, "should never again be left to the gamblers of the exchange or to corporate monopoly."

Co. Treas. Must Turn Over All Commissions

By Associated Press Leased Wire.
Harrisburg, Ill., Oct. 21.—In a test case involving the turning over of commissions on tax collections by the county treasurer, Circuit Judge A. W. Lewis today ruled that the commissions should be paid to the county.

The court held that the recent law permitting the county treasurer to retain a percentage of the taxes collected by him as his commission to be invalid.

County Treasurer Wallace of Saline county holds \$13,000 as commission for collecting the county taxes.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c a box.

MANY DOCTORS FEAR

ANOTHER "FLU" EPIDEMIC

No cure has been discovered for the dreaded insidious Spanish Influenza, and many of the most prominent doctors fear an epidemic of the "Flu" during the coming fall and winter months, as bad, if not worse, than the one last winter.

The high percentage of deaths during the recent "Flu" epidemic alarmed the doctors, and medical science has tried unceasingly to discover the cause of "Flu," but without avail. Bacteriologists, chemists and laboratory experts all over the world are anxiously trying to search out the cause and find a serum that will prevent contagion.

The great death toll that resulted from the "Flu" was greater than the losses of the American army during the World War. It carried away the young and old, the weak and strong, yet was most dangerous to those who seemed to be in vigorous health, young men and women who looked strong and well enough to resist any disease.

That "Flu" is very contagious has been proved conclusively. The Kansas State Board of Health has decided to isolate all "Flu" suspects if an epidemic occurs this fall and winter. Many other states are getting ready to fight the "Flu" should it break out again. Doctors generally believe that it is caused by germs that are carried by the breath into the nose and throat, and then get into the blood through the tonsils, stomach and intestines.

But even the doctors frankly admit that they do not know what causes the "Flu," and that it is one of the most treacherous and deadly diseases with which they have to contend.

The "Flu" is not only dangerous to life during the illness period, but it seems to leave the entire body weak and enervated; the head swims, the nervous system is affected and frequently it affects the heart, kidneys and other organs of the body. The "after effects" are often worse than the disease itself, and hundreds of thousands of people are still feeling the weakening, enervating effects many months after they have had the "Flu."

There is only one way of safeguarding yourself against the danger of the "Flu" contagion and to overcome the "after effects."

The "flu" is a germ disease that affects the blood and poisons it, affecting every part of the body.

Without oxygen you cannot live. Oxygen is the life giver, the health restorer. If there is not a sufficient supply of revitalizing, germ destroying oxygen in the blood, if the red blood cells are not rich in iron and the cell-salts that the cells of the body must have to maintain health and strength, then the body becomes sick.

That's why so many young men and women, who looked the picture of health, succumbed so quickly to the "Flu."

They may have looked well but did not have the life-giving oxygen, iron and cell-salts in their blood to keep them well and enable them to resist disease.

Pure, healthy blood, vitalized with oxygen, rich in iron (which draws oxygen into the blood from the air in the lungs, just like a magnet draws steel) and supplied with the cell-salts that nourish and rebuild the cells of the body, will resist disease, destroy disease germs, burn up the impurities and eliminate them from the system.

Reolo, the remarkable formula discovered by Dr. A. L. Reusing, increases the amount of oxygen in the blood, rapidly increases the number of red blood cells and supplies the iron and cell-salts that nature requires to maintain health and rebuild the cells that the daily work tears down.

Healthy blood makes a healthy body, and Reolo makes the blood healthy. Therefore it is only sensible to keep your blood healthy, vitalized with oxygen, iron and cell-salts, not only to prevent "Flu" contagion, but to restore the strength if you are suffering from the "after effects" of the "Flu."

Reolo oxidizes the blood and sends through the entire body a stream of rich, healthy red blood, that revitalizes every cell of the nerves, tissues, brain and bones. It makes healthy blood that enables you to resist disease, renews the worn out tissues, tones up the heart and nervous system and restores health and vitality.

If you are thin, rundown and feel tired all the time; if you have headache, dizziness or suffer from pain; if you are pale and anemic, nervous, restless, sleepless or are suffering from weakness and loss of strength and energy, try a package of Reolo, the remarkable discovery of Dr. Reusing, that gives renewed strength and energy, revitalizes the blood with life-giving oxygen, and the iron and cell-salts that your blood must have to restore and maintain health.

Reolo is sold under the Positive Guarantee that if it does not help you, increase your strength, and make you feel better than you have for years, your money will be returned on request.

Reolo is not expensive. The package of 100 tasteless tablets, sufficient for two weeks' treatment, only costs \$1.00.

REOLO is sold in Dixon by Sterling & Sterling, Licensed Distributors for the Dr. A. L. Reusing Laboratories, Akron, Ohio.

P. E. O. MEETING

Chapter A. C. Illinois P. E. O. E. O. held a meeting at the home of Mrs. S. W. Lehman on Monday afternoon. The members of the club are enjoying programs, having the American poets and authors as the principal topics each time. Mrs. Clinton Judd read a paper at Monday afternoon's meeting in which the life and some of the stories written by Nathaniel Hawthorne were sketched. Mrs. Judd mentioned the fact that the author's lameness as a boy and the saddened atmosphere of his home life, caused by the sudden death of his father and his mother, and subsequent seclusion, not only from the world but even from members of his own family, seemed to have a lasting affect of depression upon Hawthorne and is noticeably shown by the tone of many of his works. His married life was much happier though lack of funds was a serious problem. At different times Hawthorne held offices until whenever holding these positions. So many of his earlier stories were anonymous that the extent of his writings were not fully appreciated by the public until after the writer's death. Miss Ruth Dysart read an interesting article from the P. E. O. Record. Current topics and Victrola music closed the programs.

AUTUMN PARTY

An autumn party was given by the Lee Center High school at the home of A. J. Carlson on October 17th. The invitations were cut in the shape of a maple leaf and were tinted in red and gold colors. Printed with red ink on the leaf was the following:
This little maple leaf,
Just dropped off the tree,
To invite you to a party
At Carlson's to be.
Please come early,
Now don't forget the date—
October the seventh
At half past eight.
The house and porch were beautifully decorated with autumn leaves and Japanese lanterns were hung around the lawn. Everyone enjoyed a delightful time.

GUILD MEETING

St. Agnes Guild will meet Friday at 2:30 in the guild room of St. Luke's Episcopal church. Mrs. Fred King and Mrs. G. M. Massen will be hostesses. Members are urged to come and to be prepared to sew.

SHAVING BRUSHES ARE DANGEROUS

Bulletin of New York City Department of Health Cites Several Cases of Fatal Infection.

Anthrax Carried In Bristles

It has been found that germs of anthrax are often carried to men, through the bristles of shaving brushes. Many instances of infection have been brought to the attention of the authorities, and these have been traced directly to the brushes used by the victims in shaving. In several cases where the first indication was in the form of a pimple or scratch on the face, traces of anthrax have been found and the patients have afterward died of the disease. Great care should be exercised in this direction.

The safe way is to use a beard refresher that requires no brush, no lather, no rubbing. Such a preparation can be found in Barbosol, which nearly every druggist sells, and which will eliminate all risk of infection.

PHIDIAN ART CLUB

The Phidian Art club was entertained on Tuesday afternoon by Mrs. E. L. Staples, assisted by her daughter, Mrs. John L. Davies.

The study of France was begun with a paper on "Paris, the incomparable," written by Mrs. Louise P. Steel. As Mrs. Steel told of this city of cities, the superb setting of the streets, the grand avenues, the buildings, bridges, art galleries, shops, schools, chapels, and museums, she interwove bits of story and history back to the time of Napoleon. This, with the many pictures and the personal touch, made possible by her visit there, was most instructive and entertaining.

As a fitting close Mrs. Steel quoted the words of Mr. Elmdorf, the great traveler—"The very name of Paris is a magnet to everyone. Those who have never been there long to go, those who have been there long to return—to this city of gayety and sunshine and fashion, this city of shadow, mystery, and tragedy, whose buildings speak of the associations of the past, the scene of many of life's greatest pleasures; the theatre of many of life's bitterest passions. One enters it with eagerness, and leaves it, its admirer forever."

The club was privileged to have as a guest, Miss Eleanor Dement. Miss Dement gave a most charming talk on "Bypaths of Travel." In a most intimate way she took the members to the beautiful Lakes of Killarney, to country where Miss Edgeworth's novels on Irish life were written and to the center of Ireland, the scene of Goldsmith's "Deserted Village." She told of her visit to Lord and Lady Aberdeen in Dublin and of the work of Lady Aberdeen for the poor of the city. The home of Burns in Scotland and of Byron and Tennyson in England were visited. Miss Dement closed by giving us glimpses of her life and friends in Oxford.

During the social hour tempting refreshments were served by the hostesses, and a pleasant afternoon closed.

GRACE MISSIONARY

The members of the Grace U. E. Missionary society held an excellent meeting on Tuesday afternoon with twenty-five members and nine guests present. Mrs. Gerdes, of Grant avenue, assisted by her mother, Mrs. McWilliams and Mrs. J. W. Carpenter, entertained. The program given was very interesting.

Mrs. Webster opened the meeting with scripture reading and prayer by the president, Mrs. Miller, and the pastor, Rev. C. G. Unangst followed. Mrs. C. G. Unangst sang a very pathetic and beautiful number, "Somebody Cares," with Mrs. Stock at the piano. The topic of the afternoon's lesson study, "The Negro Race in this Country," was interestingly developed by Mrs. Edward

Graves who told of good work done among the race by the schools, colleges and other ministering agencies. A leaflet, entitled, "The Offering for Missions I Had All My Own," was read by Mrs. C. A. Garrison. Mrs. H. W. Leydig, one of the guests, gave two delightful readings, "The House by the Side of the Road," and "The Honest Deacon."

Ice cream and wafers were served by the hostesses at the close of the meeting.

ANNOUNCE ENGAGEMENT

Daily Illini, U. of I. Publication: "Mrs. Dryden Heath Roberts announced the engagement of her daughter, Miss Nellie Roberts, to Robert Edwin Kennedy '13 Wednesday night. Miss Roberts is the librarian of the English seminary in Lincoln Hall. Mr. Kennedy was a lieutenant in the ordnance department of the army and is now a member of the faculty in the College of Engineering."

Miss Roberts is a niece of Mrs. Lee Read, of this city.

ENTERTAINED AT DINNER

Mr. and Mrs. D. C. Harden, of Nelson, entertained at Sunday dinner in honor of Mrs. E. E. Harden and son, of Humboldt, S. D., who returned to their home yesterday. The other guests were Mr. and Mrs. William Bollman and family, of Prophetstown, Mr. and Mrs. George Shaver and son, Clarence, Mr. and Mrs. Clarence Wilson and son, and Rev. S. A. Zimbeck and Mrs. Zimbeck, of Dixon.

MILLIONS Suffer from Acid-Stomach

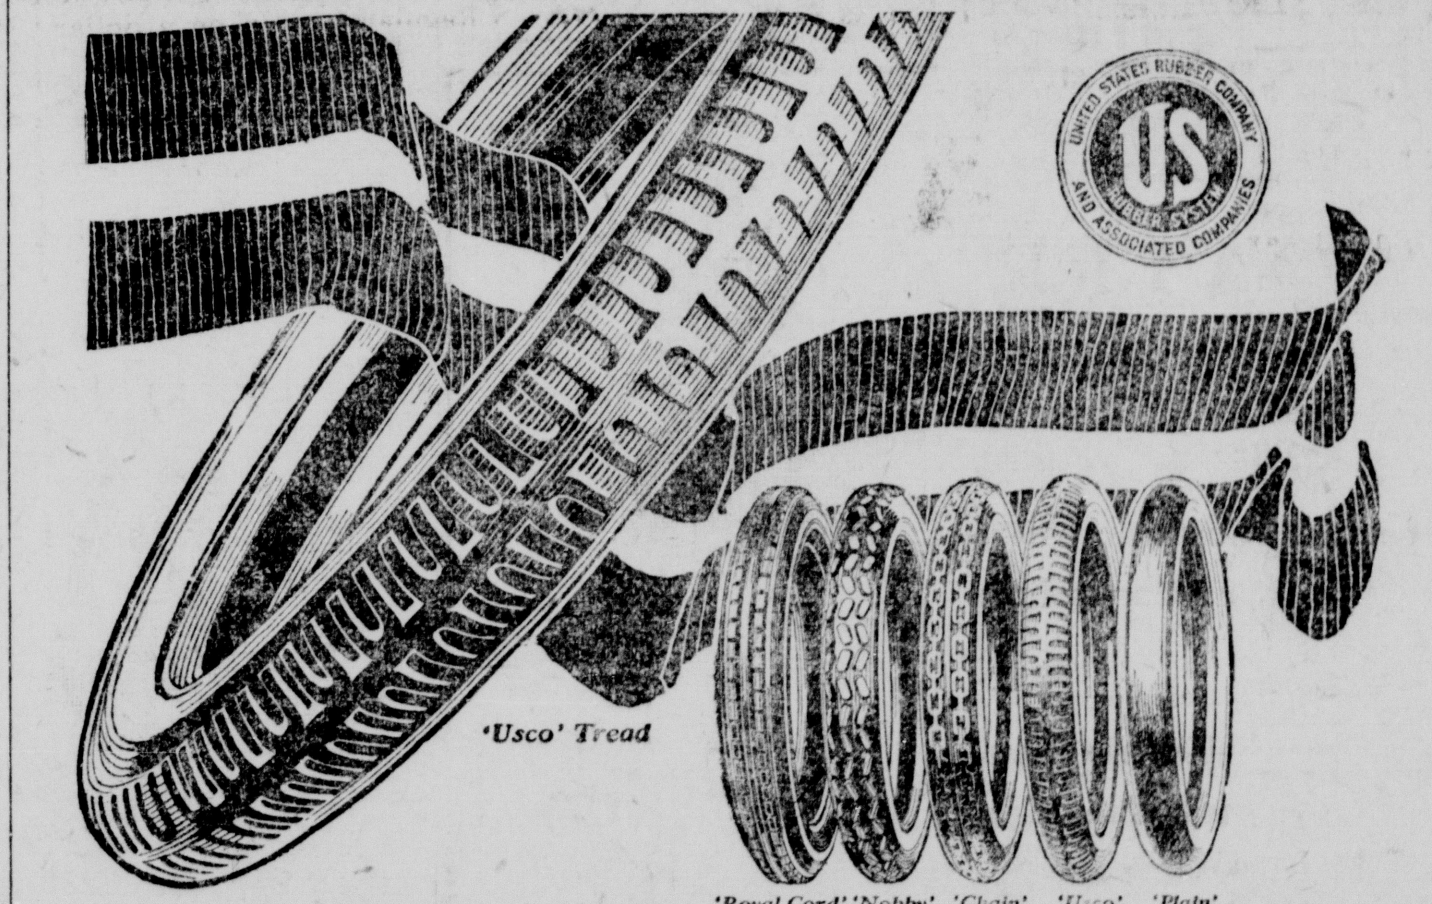

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that their health can be traced directly to acid-stomach. Here is the reason: poor digestion means poor nourishment of the organs and tissues of the body. The food is impoverished—becomes weak, thin, sluggish. Ailments of many kinds spring from such conditions. Biliousness, rheumatism, headache, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression—every serious ailment such as cancer and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, heart trouble—all of these can often be traced directly to acid-stomach. Keep a sharp lookout for the first symptoms of acid-stomach—indigestion, heartburn, belching, food repeating, that awful painful bloated after eating, and sour, gassy stomach. EATONIC, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these common miseries. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try EATONIC and you, too, will be just as enthusiastic in its praise. Make your life worth living—no aches or pains—no blues or melancholy—no more of that tired, listless feeling. Be well and strong. Get back your physical and mental purity, your vim, vigor and vitality. You will always be weak and ailing as long as you have acid-stomach. So get rid of it now. Take EATONIC Tablets—they taste good—you eat them like a bit of candy. Your doctor gets a box from him today and if you are not satisfied he will refund your money.

"CONSTITUTION DAY."

The commemoration last month of
the one hundred thirty-second anniver-
sary of the framing of the Constitution,
has brought up a suggestion that the
seventeenth of September be annu-
ally observed. In several states it is
proposed to introduce bills in the leg-
islature to require some special observ-
ance in schools and other public in-
stitutions.

The moral effect of such a com-mem-
oration should be strong and salutary.
Such a holiday or special day would
act as a unifier of the people. We
need some special occasion to bring
together all schools of thought in
America on one common ground. We
need a political Christmas to make cit-
izens forget their political sects and
schisms.

During the year we all wander to
and fro in our thoughts and plans. We
sometimes talk too much of politics
and government and business and la-
bor, and too little of the country. The
Constitution is so little spoken of that
some people seem to think it is a mere
text book for lawyers. Others seem to
have a notion it is a text book of fos-
sillized conservatism.

The fact is that the Constitution is
the fundamental reality of American
life, as fundamental as the soil, as ele-
mental as the air. It is the rostrum
on which all classes in this country,
from reactionaries to radicals, hold their
debates. It is the charter of their free
speech—and whether they realize it or
not, it is the hope and the sole hope of
any reforms which any Americans may
hope for or dream of.

We have the Fourth of July to
commemorate our fundamental self-
government. We have Memorial Day
for common sorrows, Thanksgiving
Day for common joys. A Constitution
Day might remind us anew of the lib-
erties maintained after self-government
was gained. Like these other national
festivals, the day should be a unifier of
our people, a day to link together
their thoughts and sentiments, a day
to emphasize their agreements rather
than their differences.

Arthur Burries and Sidney Williams,
of Tonica, Ill., visited with friends here
last week.

DINNER PARTY—

The Misses Margaret O'Donnell and
Minnie Johnson and Mrs. Ruby Hart-
zell entertained twenty guests with a
dinner at the home of Miss O'Donnell
Tuesday evening in honor of Miss Alice
McCoy, who is to be a bride in the near
future.

The table, from which a delicious
three-course dinner was served was
beautifully decorated, with the color
scheme in green and white. Streamers
were festooned from the chandelier to
the sides of the room and from the
center of the table, marked by a glass
basket filled with marigold washings.
Flowers, streamers of amaranth extended
to the place of the guest of honor where
two ladies stood, dressed as bride
and groom.

Tiny green and white umbrellas
were the favors. Place cards and all
the other table appointments were in
green and white.

At the close of the dinner Miss Mc-
Coy was presented with a large green
and white umbrella which revealed and
showered upon Miss McCoy when opened
a set of silver teaspoons.

Games and Victrola music occupied
the after-dinner hours. Miss McCoy
won the head prize and Mrs. Charles
Duis was consoled in one of the amus-
ing contests of the evening.

FOR ELKS CARD PARTY—

The committee of ladies who are in
charge of the scramble supper and card
party to be held at the Elks club to-
morrow evening, held an important
meeting last evening at which various
details were checked over, and it was
found that every arrangement had
been made for the event, which is to be
for members of the Elks and their la-
dies only. Because of the great num-
ber who have signified their intention
of participating in the affair it has
been found necessary to limit the enter-
tainment to Elks and ladies only, and
no arrangement can be made for chil-
dren. The supper will be served at
6:15 and after the "eat" the evening
will be spent in progressive 500.

The ladies have made an effort to
communicate with every member of the
lodge, but should anyone have been
missed he is asked to telephone Mrs.
William Nixon, chairman of the com-
mittee, if he intends going to the affair
in which case arrangements will be
made for the entertainment of himself
and lady.

METHODIST MENTION—

Prayer meeting will be held this eve-
ning at 7:30. It is desired that all unit
leaders, Sunday school workers, Ep-
worth League members, and the official
board be present. We have a great
work to do and all members of the
church are needed.

Choir practice Friday evening at 7:30.
Sunday morning will be "Good Liter-
ature Service." In the evening the
subject will be "Americanizing Amer-
ica."

A goodly number from the local
church are attending the W. F. M. S.
District convention in Sterling.

ENTERTAINED U. S. W. V.—

With Mrs. D. E. Helmick, Mrs. Har-
vey Miller, and Mrs. Harry Holt as the
committee for entertainment, the mem-
bers of the U. S. W. V. Auxiliary en-
tertained the Spanish War Veterans and
their families most pleasantly last eve-
ning. An interesting program pre-
ceded the card games and the serving of
refreshments. Flags decorated the hall.
Between thirty-five and forty partici-
pated in the happy affair.

PRESBYTERIAN MISSIONARY—

The Presbyterian Missionary society
will hold a meeting Friday afternoon
with Mrs. Frank Edwards. Mrs. Tid-
ball will have charge of the devotional
service. Mrs. Dymart will have a paper
on "Resources of Alaska," and the roll
call will be responded to with passages
from the Bible relative to "rewards." The
Colony car, leaving the car barns at
2:30, may be taken.

By Associated Press Leased Wire
Washington, Oct. 22.—President Wil-
son today signed several bills recently
passed by congress, Secretary Tumulty
announced.

IN FINE SHAPE

By Associated Press Leased Wire
Washington, Oct. 22.—President Wil-
son was said by Secretary Tumulty to
be "in fine shape" this morning after
the most active day yesterday he has
had since he became ill. Mrs. Wilson
telephoned Mr. Tumulty that the presi-
dent was anxious for information as to
the situation in the national industrial
conference.

Mr. Tumulty said that if any bills had
been read today for the president's sig-
nature they would have been laid before
him.

The secretary explained that bills re-
cently passed by congress, including the
prohibition enforcement measure, were
before the respective department heads
who are interested.

The president has until midnight of
Oct. 28 to act on the prohibition bill.
Should he not act by that time the
measure automatically would become a
law.

The president's physicians reported
that Mr. Wilson last night had one of
the best nights since he became ill. They
issued the following bulletin:
"White House, Oct. 22, 1919, 11:10 a.
m."

"The president had one of the best
nights since his illness began. His tem-
perature, pulse and respiration rates
continue normal. His digestion is more
satisfactory."

A MERCILESS JUDGE

One Who Shows No Favor
A merciless judge is Father Time. Be-
fore him the weak and the wanting go
to the wall. Only the truth can stand.
For years the following statement from
a Dixon resident has withstood this
sternest of all tests.

B. A. Worley, 421 Madison Ave., says:
"My kidneys acted irregularly and an-
noyed me. My back ached also. This
kept on until I used Dean's Kidney
Pills. The pains then left and my kid-
neys were regulated." (Statement giv-
en May 21, 1919).

NEVER CAME BACK.

On April 30, 1917 Mr. Worley said: "I
have never had any more trouble from
my kidneys since Dean's Kidney Pills
cured me. I still have the same high
renormal for this remedy."

WILSON LETTER
IS LAST APPEAL
TO CONFERENCE

(Continued from page one.)

work and the men who manage Ameri-
can industry are so set upon divergent
paths that all effort at co-operation is
doomed to failure.

I renew my appeal with full ap-
prehension of the almost incomparable im-
portance of your tasks to this and to
other peoples, and with full faith in the
high patriotism and good faith of each
other that you push your task to a
happy conclusion.

Signed—

Woodrow Wilson.

Gompers Blocks Motion.

Before the recess, Samuel Gompers,
president of the American Federation
of Labor, declared that a motion by
John Spargo, of the public group, that
the conference give the President "a
solemn pledge binding every group and
individual that nothing would be left
undone" to solve the problems before
the body would be "most unfortunate."
The motion, which had been seconded
by Harry A. Wheeler, chairman of the
capital group, was withdrawn.

As they left the conference hall, the
labor delegates expressed their indigna-
tion over Mr. Spargo's motion.

"Do you think we are going to stay
here to be crucified from day to day?"
demanded Frank Morrison, secretary of
the American Federation of Labor.

SANDRA THE JEALOUS

By JANE PHELPS.

I WORRY OVER ROSE AND WALTER KEMP.

CHAPTER CV.

It was characteristic of Everett that he should feel something had disturbed me.

"You aren't as happy as when we first came home. What is it?" he asked. "Has your guest said something to hurt your feelings?"

"No—there's nothing!" I hastened to reply. It was almost impossible for me to evade when he asked me a question. Yet I couldn't say Rose had talked again of me as "number two," and had discussed his affairs with Walter Kemp. Then, too, I could not tell him she had been with Kemp.

"I have noticed that many people who are on an intimate footing with others feel they can say anything they choose. It is wrong. Friendship that is worth the name is worth conserving by every means in our power. But Rose is thoughtless. Don't let anything she may say cause you unhappiness."

I think he mistrusted she had talked of Leola, so asked no more questions.

But I could not so easily dismiss thoughts of her—the one person whom I hated. I am honest: I hated that first wife desperately. Sometimes an agonized longing swept over me to put her forever out of my life by destroying all evidence that she had lived. Then I would remember that as long as people talked of her, as long as any who knew her were alive, that would be impossible.

The next day Rose kept her appointment with Walter Kemp. This time she lunched with him. I felt terribly nervous about it, not so much because she was with him, as because I had not mentioned to Everett that she had met him. He might see them together and be displeased with both of us. But Rose came in about 4 o'clock fairly beaming.

"I had a wonderful time. We went way out in the country to a little road house for luncheon. Such a quaint place with honeysuckle vines hanging over the porch. We had lunch served there."

"That was nice. I am glad you had a good time." I was relieved that she had returned, also that they had not lunched in town. "Barrett Edmonds called up. He is coming in for tea."

Just then Hetty announced Barrett, and we three had a really jolly time for a few moments before others dropped in—Alice Sloane and her niece, Irma Barton, and some others. After they all left and Rose and I were dressing for dinner, she said:

"Isn't that Irma Barton the woman everyone said was going to be the second Mrs. Graham?"

"Who said that?"

"Walter told me this afternoon that every one thought your husband was in love with her and that she was going to be number two."

"For goodness sake, Rose do stop talking of 'number two!' You will drive me crazy. One would think it a crime to marry a widower. But it happens, this time, you are wrong. Mrs. Barton was a great friend of Mrs. Graham's, and of Everett. She is a friend of mine. We had a long talk not a great while ago, and she told me a lot about herself. It's all nonsense, people coupling her name with Everett's." I knew I spoke convincingly. Had Rose talked of her and Everett before I knew she was to marry his friend, I should have been hurt and annoyed.

"Well I'm glad there's nothing to that rumor. It is bad enough to have people say your husband loved his first better, without having someone claiming him now also."

I felt as if I should go mad if I heard any more about Leola. I could have been very happy at this time but for her—this woman who had died nine years before I met Everett. But how could I be contented when all the time I heard of her—my husband's love for her, which everyone seemed to think so much greater than it was for me?

Since my talk with Irma Barton—until Rose came and revived the feeling by her constant reference to "number one"—I had been far happier when thinking of Everett. Now I determined not to allow Rose to spoil that bit of

content, and told her she would please me very much if she did not refer to Everett's first wife again while she was with me.

"Why, of course I won't if you are sensitive about it! I didn't suppose you cared, after all this time. I don't see how you married him if you ever minded playing second fiddle. You remember I said I couldn't."

CHURCH NEWS.

GRACE UNITED EVANGELICAL CHURCH.

The latest report on the progress of the Forward Campaign in the United Evangelical church states that "The Spirit of God is moving upon our people."

Prayer meetings are attended by two and four times as many people as before; a spirit of prayer is possessing them; family altars are being built; a new enthusiasm marks the public worship.

There was a spirit of mellowness in the services at Grace church on last Sunday. The people are not only thinking seriously and deeply, but they are ready to receive the truth. Lives are being changed and there are evidences of an upward movement in the congregation. The Sunday school and K. L. C. E. convention held at Shannon last week came to a great climax on Thursday evening when a mass of people yielded their lives to God. That memorable meeting closed at 11 p. m. and even then the people were reluctant to go home. The same spirit is beginning

to grip the members of the local congregation.

There was a good interest in the meetings for prayer and Bible study held Monday and Tuesday evenings. This evening the pastor will show what the Bible teaches about "The Secret of Effectual Prayer." You are cordially invited to these meetings. Bring your Bible.

Monday evening Rev. Unangst said that there are three reasons why we pray so little: 1—There is a natural dislike for prayer since sin came into the world. 2—The awful rush of modern life. 3—We do not understand that prayer is fundamental and not supplementary. All this can be changed by a deep spiritual experience and a determined will.

Tomorrow night the subject of the Bible study will be "God's Speaking Intercessor." Interest in the meeting last night was considerably larger than the night before. The presiding elder, Rev. B. R. Schultze, will preach on Friday evening at 7:30.

H. L. Emerson went to Oregon this morning for a short business visit.

Suppose You Had No Home But a Wagon No Roof Over Your Head But the Sky

And suppose your wife and children were without food or clothing, were ill and helpless. How would YOU feel? There are thousands of Jewish families in Europe, whose only home is a rude cart open to the snows and rains. They must face the wintry blasts without hope of medical aid, without heat, without shelter, yes, without food, unless the people of America help them. You would not

let anyone near at hand suffer such tortures. Surely, the fact that these people with hearts and feelings just like your own, are separated from you, must not lessen your sympathy. There is only one thing you can do to help them. You can but GIVE. This is a trifling sacrifice. Who cannot spare something for those who have nothing at all?

Six Million Human Beings Are Suffering the Tortures of Disease, Hunger and Death

in the devastated countries of Poland, Galicia, Rumania, Lithuania and Palestine. The pitiful plight of these poor unfortunates is no fault of theirs—they are the innocent victims of circumstance—a harmless, industrious, and as a rule frugal race of people who have been

deprived of all means of support and are now dying by the thousands for want of food and shelter. Americans—red-blooded, charitable, humanitarian Americans of every religion and creed are asked to join with their Jewish brethren in saving these human lives and remedying the horrible conditions that now exist.

Open Your Heart—And Your Pocketbook

Give as much money as you can possibly afford. Remember the most beautiful thing in life is charity—and money is only good for the happiness it buys. What better use could you put your funds to than saving lives,

feeding the hungry, clothing the naked and freezing peoples who have suffered the hardships and brutalities of war? Be ready for the solicitor when he comes around to see you this week—open your heart and your pocketbook.

CORN HURT BY SAG IN HOGS

By Associated Press Leased Wire
Chicago, Oct. 22.—Fresh breaks in the price of hogs had a further depressing effect today on the corn market. The fact that contrary to expectation the lingshoremen's strike was still unsettled tended also to discourage buyers. In the absence of any positive new bullish developments, no decided power to rally was shown. Opening quotations, which ranged from the same as yesterday's finish to 1/4c lower, with December 1.23 to 1.23 1/4 and May 1.21 1/4 to 1.21 1/4, were followed by a general sag all around.

Oats, like corn, lacked support. After opening 1/4c to 1/2c lower, including December at 70 1/4 to 70 1/2, the market underwent some additional setback. Provisions were weak with hogs and grain. Lard led the decline.

Profit taking by some of the most active recent sellers of corn led afterward to a general upturn, which was facilitated by the lightness of country offerings and by evidence that no distress liquidation on the part of holders had taken place. The market closed firm, at the same as yesterday's finish to 1/4c higher.

FORMER ENEMY NATIONS TO GET ONLY MISSIONS

No Ambassador to Germany Until She Proves Worthy.

By Associated Press Leased Wire

Washington, Oct. 22.—Charge of Embassy will be the rank of the first American diplomatic representative to Germany after the ratification of the peace treaty, for not until sufficient time has elapsed to test the workings of the treaty and the spirit in which the present government of Germany undertakes to carry out its provisions will the representative give place to a fully accredited ambassador. This plan it was learned today also will be followed by the entente governments.

There is no disposition, it was learned, to reduce the rank of the American diplomatic representation in Germany. But it is understood to be planned to make such a change in the case of Austria and Hungary. Reduced in size and importance, these countries will be regarded as properly entitled to missions only and there will be a minister plenipotentiary provided for each.

The Turkish embassy also is due for reduction in rank. Considering the small size of the country which will remain under Turkish control it may be that the remnant will have to be content to share an American minister with Bulgaria and any lesser state that may remain in the Balkans.

OPPOSE TURKISH MANDATE.

By Associated Press Leased Wire
Constantinople, Sunday, Oct. 19.—The majority of the members of the Harbord Mission, which has been investigating conditions in Armenia and Transcaucasia have indicated to the Associated Press correspondent their opinion that it would be inadvisable for the United States to accept mandate for either Armenia or Turkey. Their view is that if the United States does accept a mandate it should do so only after the interested European powers have fully agreed to pursue a "hands off" policy.

BERT LYTELL

IN

"THE LOMBARDI LTD."

The ultra-smart romantic comedy of modes and moods, adapted from the Oliver Morosco stage success by Frederick and Fanny Hatton. A gown show, a girl show, a review of feminine loveliness and luxury. Other attractions. No advance in prices. First run outside the loop. References: Ask anyone that saw this show yesterday.

TOMORROW—Will Rogers in "Almost a Husband." Enough said.
